FIRE FACULTY DIRECTORY

2019-2020 FINANCE, INSURANCE, AND REAL ESTATE (FIRE) FACULTY DIRECTORY

Sponsored by the Institute of Management Accountants
The Association of Accountants and Financial Professionals in Business

This is the latest version of the 2019-2020 Directory. It is made up of over 700 U.S. schools. The Finance Faculty Directory was published eight times between 1991 and 2007.

At this point I have gone to the web sites of over 700 schools and updated my 2007-2008 database. The updated information was sent to the respective schools for further corrections. I have also gone out to the web to gather information on individuals with FIRE doctorates that are not at a school in the Directory.

Occasional updates will be provided on my website: www.jrhasselback.com/FacDir.html

If you have any updated information related to your entry in the Directory, please provide me with the details.

This is the 2019-2020 edition of the FINANCE FACULTY DIRECTORY. It is published on the web at www.jrhasselback.com/FacDir/html. The Directory includes a listing of the Dean, Department Chairperson, and full-time Finance Faculty from over 700 schools. The information was gathered from each school's web site and then sent to the department for confirmation.

The Directory covers the academic year 2019-2020. Only United States schools are included.

The first line for each school includes the area code followed by the department fax number. The years in the right-hand column are the AACSB Bachelors and Masters accreditation dates. The school's e-mail address is included in the second line followed by the programs and degrees offered by the school. The third line includes the department phone number, street address, and department secretary/administrative assistant.

The columns are as follows:
Name Rank School-Phone E-Mail Teaching Research Degree Start
$ next to a Dean or Chairman indicates "Acting"
& represents a CFA * represents a CFP
For the Chairman, the title and rank are:

C	Chairman	D	Director	H	Head
Pr	Professor	Ac	Associate	As	Assistant

The electronic-mail column includes the individual's address. The individual address must be combined with the school's electronic-mail address; for instance, jhassel@cob.fsu.edu. When an individual address includes an "@", that individual has a different school address from the school address listed in the first line of the school; the individual's complete electronic-mail address is included in the electronic-mail column. However, if an individual electronic-mail address ends with a "." then the school's address must be added to the individual address provided. A + in a persons e-mail indicates a name too long to fit in the column. @a stands for aol.com.

The degree column represents the highest earned degree or "all but dissertation," date received, and school. The third section comes from those schools providing a listing of their graduates.
The start column is for the year of beginning full-time employment at that school.
The teaching and research columns are as follows: (1st column max 2; 2nd column max 4)

1	Corporate Finance	A.	Agency Theory
		B.	Bankruptcy & Finl Distress
		C.	Capital Budgeting
		D.	Capital Structure
		E.	Cost of Capital

Any mistakes in the Directory are my responsibility. However, some of the misinformation belongs to schools not providing complete information. Any corrections, additional information, and new schools should be sent directly to me. If your school is not included, send me your listing in a format similar to that in the Directory.
