**Compiled by James R. Hasselback

www.jrasselback.com**

**Between 1994 and 2006, I compiled seven editions of the Economics Faculty Directory. Each of these Directories included more than 800 schools. This is an attempt to recreate the Economics Faculty Directory for the academic year 2020-2021.**

**Over the years I compiled 39 editions of an Accounting Faculty Directory. Several editions of Directories were also compiled for each of the fields of Management, Marketing, Finance, Business Law, Engineering, Computer Science, and Nursing. For the academic year 2019-2020, a FIRE Faculty Directory was compiled including Finance, Insurance, and Real Estate faculty. Copies of these Directories can be found at:  
[www.jrasselback.com/FacDir.html](http://www.jrasselback.com/FacDir.html)**

**This is a compilation of the Dean, Department Chairperson/Director/Head, and tenure-track faculty at 130 Economics departments. The top 100 of IDEAS top-ranked US Economics departments are included along with 10 more of the top 134 plus another 20 non-ranked departments. Additional schools will be added as time permits. The information was taken from each school's website.**

The Economics Faculty Directory includes a listing of the Dean, Department Chairpersons/Heads/Directors, and tenure-track faculty of the listed schools. It is compiled from information provided on each school's web site. The Directory is for the 2020-2021 academic year. Only United States schools are included.

The department phone number follows the area code in the first line of each school. At the right side of the first line is the school's electronic-mail code. The fax number is shown in the second line. The department's secretary/administration assistant is included at the end of the second line.

The columns are as follows:

Name Rank School-Phone Electronic-Mail Teach Research Degree/Year/School Start  
\$ next to a Dean or Chairperson indicates "Acting"

For the Chairperson, the title and rank are:

C	Chairperson	D	Director	H	Head
Pr	Professor	Ac	Associate	As	Assistant

The electronic-mail column includes the individual's address. The individual address must be combined with the school's electronic-mail address; for instance, jhassel@fsu.edu. When an individual address includes an "@", that individual has a different school address from the school address listed in the first line of the school; the individual's complete electronic-mail address is added to the third line of the school. A + in a persons e-mail indicates a name too long to fit in the column. @a = aol.com, @g = .com.

The degree column represents the highest earned degree or "all but dissertation," year received, and school.

An individual's research interests are as follows (up to four). Any listed are from 15 years ago and not updated:

- A General Economics & Teaching
- B Methodology & History of Econ Thought
- C Mathematical & Quantitative Methods
- D Microeconomics
- E Macroeconomics & Monetary Economics
- F International Economics
- G Financial Economics
- H Public Economics
- I Health, Education, & Wellness
- J Labor Economics
- K Law & Economics
- L Industrial Economics
- M Business Adm & Business Economics
- N Economic History
- O Economic Development, Technological Change, & Growth
- P Economic Systems
- Q Agricultural & Natural Resource Economics
- R Urban, Rural, & Regional Economics
- T Demographic Economics

adapted from Journal of Economic Literature listing

Any mistakes in the Directory are my responsibility. However, some of the misinformation belongs to schools not providing complete information. Any corrections or additional information should be sent directly to me. If your school is not included, send me your listing in a format similar to that in the Directory.

Jim Hasselback
